**VISION:** The Funders Group of Central New Mexico envisions enlightened philanthropy where funders and nonprofits partner proactively to assure high quality and effective programs and services for their communities.

**MISSION:** The Funders Group is a coalition of corporations, foundations, public, civic and other funders who provide significant philanthropic resources in New Mexico including cash contributions, volunteering, in-kind donations and services, expertise, and access to employees for their own giving. The Funders Group does not make philanthropic decisions collectively, but shares best practices and encourages individual members of the group in the implementation of their own philanthropic programs. Its individual members seek to proactively support and strengthen our community's philanthropy, and partner with nonprofits to increase their capacity and sustainability through collaboration, education, management assistance, and outreach.
